ATTACHMENT B

Attachment B is hereby incorporated to this Agreement and provides a description of the budget/cost proposal between the County of Union and the New Jersey Medical School Global Tuberculosis Institute @ Rutgers Biomedical & Health Sciences.

Background

When no local contingency for TB physician, clinical, nurse case management and field services for Union County residents was developed before NJ Department of Health and Senior Services (DHSS) now known as the New Jersey Department of Health) funding was no longer available to support a local contingency, these services were consolidated into the NJMS Global Tuberculosis Institute @ Rutgers Biomedical & Health Sciences in July 2005. It was agreed that DHSS would sustain all costs related to the care of these residents with the exception of the current costs of salary and benefits for the Lattimore Union County Nurse Case Manager. The total costs were \$118,189 at that time. DHSS committed to assuring these costs did not increase for local health officers in Union County for three (3) years, ending June 30, 2008. At that time and annually thereafter, the costs will be adjusted to be equivalent to the current cost of salaries and benefits for this position. For each year of this consolidation, DHSS and the NJMS Global Tuberculosis Institute (Lattimore Practice) at Rutgers Biomedical Health Sciences collected utilization data on residents of Union County accessing services at the NJMS Global Tuberculosis Institute (Lattimore Practice) at Rutgers Biomedical Health Sciences. This data was used to assist each local health officer in Union County to determine his or her jurisdictions' estimated share of the costs for this nurse case manager in subsequent years.

Cost Basis for Quarterly

Invoices*

Beginning in calendar year 2010, each municipality will be assessed a fixed fee, based on previous three (3) years utilization, that will be invoiced quarterly. The assessments were calculated based on the following agreed terms:

- 1) The County of Union will pay for fifty percent (50%) of the cost of services.
- 2) Each Municipality would be assessed a minimum base fee of \$1000
- 3) Municipalities utilizing services in excess of \$1,000 will be assessed in proportion to their use.

- Note that this minimum base fee was changed to \$500 in 2018
